Trita,

I'm sure I can find out, but it may not be until after the first of the year when everyone gets back in town. My understanding is it is usually a collaborative effort between the speech team and in this case probably NSC and State. Why do you want to know? Were there some things in it that you would like to have seen stated differently? And who would you tell - I don't want to give out any names and have them being hit by people I don't know. If there is any info you want to get to them for future statements, I would like to be the one to deliver it - I don't want to set them up for a bunch of calls or criticism from others.

I will be in the office on Thursday and will make some calls then, but I don't anticipate reaching anyone, but I will call you if I do.

I hope you are enjoying the Holidays, but I see that you are emailing me around 2:00 AM - quit working and enjoy a break!

Roy
