Subject: Our Group Meeting

Lady and Gents,

If you all agree, let's gear up for the second discussion session. Hopefully this time Sanam and Afshin will also be able to attend. (Sanam jan, my apologies on behalf of all of us for forgetting to ask you to attend the first session.)

Trita is out to Mexico and Afshin is back in a few days. Perhaps we can mark our calendars now for the second week in Dec. How about Wed 14 December, 2:00-4:00 pm? Venue: whatever works best for the group. I can try to reserve a room at NED, if you like.

Topics for discussion in our signature informal, chaotic way:

- 1- Iran-US: what did Burns try to say with this speech? After so much anticipation, why was there nothing new?
- 2- Nukes: this is going to be staple diet for discussion for a while to come, I suppose.
- 3- Latest on the domestic side: Maybe we can think about the politics of selecting the oil minister and what it all means.

Of course, all the above is a suggestion.

Best,
Sia
