

Goal and Strategy:

Goal/Objective: Overriding goal is to be recognized on the Hill as a well coordinated group on Iran. Show that when the Hill is ready for it, we can help them to move legislation or provide questions for the record in respect to further engagement and diplomacy with Iran.

Strategy: Promote items from our agreed agenda through Hill office visits through five 4 to 6 person legislative groups.

The first agenda item for the groups was decided on based on readiness and facility to get Congressional approval. Following agenda items will be chosen by vote of the entire Coalition.

First Agenda Item and Goal: Hold meetings with House and Senate offices on a couple broader themes (Democracy Fund, Engagement) while gaining 25 supporters in the Senate, and at least 200 supporters in the House, for an Incident at Sea Concurrent Resolution (Con. Res.). Getting the Con Res. to committee Mark-up and a Vote.

Grouping: Five groups will be formed based on willingness of participants in Coalition. Each group will have 4 to 6 people, and include one person with Hill experience and the willingness to schedule the group's one monthly meeting. Someone will also have responsibility of coordinating which offices will be visited each month (we will help and consult with Hill experienced folks for this).

Example: 4 groups of 4 people are going to visit House offices and 52 Hill offices are targeted: Each group would visit ~13 offices, 6 or 7 offices per month. Each person will end up going to 3 Hill visits a month, since groups of 4 or 5 will send two group members to each Hill visit.
