Yes. You may remember before I left on my trip, we decided not to stir the pot, but to answer when asked. The then Deputy Health Minister was on the Board of Hamaryan, but did NOT manage the organization (our information is that he is no longer a deputy minister); he was also on the Board of the Family Planning Association, which attended the workshop; the third organization mentioned did share some Board members with Hamaryan, as Hamyaran is/ was an umbrella organization for NGOs.

BH

Barbara,
Did Trita ever get back to you with answers to the questions we were sent by the Hill? I'm sure we will be contacted about them again soon.
Thanks,
David
