Trita,

I do appreciate any clarification you can unearth about the following questions we have been asked:

Was Hamyaran managed by Iran's Deputy Minister and Under Secretary of Health Hossein Malek-Afzali? If not, did Malek-Afzali have any other role or relationship with Hamyaran?

Was family Planning Association headed by Iran's Deputy Minister Malek-Afzali and another Iranian official named Safieh Afshari? If not, did Malek Afzali or Safieh Afshari have any other role or relationship with Family Planning Association?

Does BoomIran share management with Hamyaran?

Thanks for your efforts on this and have a nice 4th!

Barbara
