

Hi Tim,

Just wanted to check in with you about the Iran democracy funding. As you know, we've talked to several offices about this and Gregg, Bond, Byrd, Johnson, Inouye, Durbin and Reed have expressed support for the idea of reprogramming the money. Obey, Olver, Jackson, McCollum, Wolf and Lee are also in support of our position.

Also, I spoke with Clete Johnson from Rockefeller's office yesterday and he is very interested in the idea of lifting sanctions on people to people/ NGO to NGO exchanges. Durbin and Gregg have also expressed interest in this option.

Any news on your end?

Thanks,

Emily Blout
