Dear Trita,

We would like to invite you to a dinner at our home in McLean on Monday, May 21. The guest of honor will be Hubert Loiseleur des Longchamps, VP for International Relations for the French energy company, Total. At a time when a number of European and Asian energy companies are considering upstream investment projects in Iran and political pressure is intensifying in Washington over the secondary sanctions issue, I thought it would be interesting to have a very off the record discussion on Iranian energy and American perceptions of European and Asian investment in Iran. Please let me know if you can join us.

Best regards,

Flynt Leverett and Hillary Mann
